Application Criteria/Procedure for Lectureships for the MEi:CogSci study program at the University of Vienna

Thank you for your interest in applying for a lectureship in the MEi:CogSci program.

Your application has to contain the following information:

- Your name, address, date of birth, email
- Name of Course (+ name of module)
- Concept of planned course
 - Syllabus
- Detailed course design
 - Show, how you are planning to reach the given learning outcomes
 - Give a outline of the learning/teaching sequences and how they interact with each other
 - Give a detailed description how your course is in line with the overall curricular outcomes
- Didactical concepts
 - “Classical measures”
 - Show, how you are using new media and eLearning approaches in order to increase the quality of learning/teaching processes as well as the social coherence
- Design of assessment regime
- Basic references your course is based on
- Your CV

The planned course has to **conform to the learning outcomes** as they are defined in the current version of the official MEi:CogSci curriculum:

<https://ssc-phil.univie.ac.at/studien/master-cognitive-science/curriculum/>

<https://ssc-phil.univie.ac.at/studien/master-cognitive-science/schedule-of-courses/>

Your application will be reviewed and you will receive feedback 4 weeks after the deadline of application.
